

DATA AVAILABILITY

While this report presents a wide spectrum of information in more than 100 tables and figures, it contains only a fraction of the data available from FARS, NASS GES, and CRSS. Additional data from FARS (1975 through 2016), NASS GES (1988 through 2015), or CRSS (2016) are available in four ways:

- Modest requests for specific data will be answered by NCSA at no charge. Response usually requires about two weeks, depending on the nature and complexity of the data requested.
- FARS, NASS GES, and CRSS data can be obtained by downloading any of the published files from the Internet, at <ftp://ftp.nhtsa.dot.gov/FARS>, <ftp://ftp.nhtsa.dot.gov/GES>, or <ftp://ftp.nhtsa.dot.gov/CRSS>. The files are available in SAS, sequential ASCII, and (for FARS only) DBF file formats. This will enable you to process the data using your own computer system.
- FARS data can also be accessed on the Web at www-fars.nhtsa.dot.gov. This Web site provides instant access to the 1995 through 2016 FARS data via the Create-a-Query, Create-a-Map, and Reports features. The Create-a-Query feature will enable you to process the data using our interactive user interface. The Create-a-Map feature will enable you to create State-by-State and county-by-county map displays from an inventory of report selections. The Reports feature is an inventory of the fatality statistical reports found in this publication. These are national reports for current and past years that may be customized by selection of State; and for State reports, county tabulation may be selected.

Requests for more information from FARS, NASS GES, or CRSS should be directed to:

National Highway Traffic Safety Administration National Center for Statistics and Analysis
NSA-230
1200 New Jersey Avenue, SE Washington, DC 20590
202-366-4198 or 800-934-8517
Email: NCSARequests@dot.gov

Requests for more information may also be submitted online via NCSA's Customer Motor Vehicle Traffic Crash Data Resource Page (CrashStats):

<https://crashstats.nhtsa.dot.gov/#/>

Additional information on all NHTSA's data files, including FARS, NASS GES, and CRSS can be found on the NCSA Web site: <https://www.nhtsa.gov/research-data>. Fact sheets, recent NCSA research notes, and abstracts of technical reports can be downloaded in portable document format (PDF). Comments and suggestions about the NCSA Web site can be e-mailed to the following address: NCSARequests@dot.gov.
